

Show & Tell

This presentation can be used in many ways. Consider using it one of the following ways:

1. Use it as a PowerPoint presentation
2. Print off the slides and make transparencies to use on an overhead projector
3. Print off the slides and cut out the figures to create a flannel-graph or flip chart type presentation

Keep in mind that all children are different. There is no standard age when all children can suddenly believe in Christ. The key to presenting the gospel to children is having a properly trained adult counseling a child one-on-one after the gospel is presented. This adult can then spend time with the child to determine if the child is truly ready to make a decision for Christ.. For further information and help on introducing children to Christ, refer to the Sharing God's Special Plan with Children materials.
